The Business Way! The business way to take space by the year, take pains with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise. We have never seen that time.

Use the full seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsalable goods into money, and reinvesting the money in those things which are salable.

Where is That Banner Now? Grandstand (Ind.) Review—During the last campaign the Democrats of this city displayed a banner in their processions bearing this inscription.

VOYE FOR GROVER CLEVELAND AND GET \$1.25 A WEEK. FOUR TIMES WEEK.

A liberal reward will be paid for that banner at this office, and no questions asked.

The Wilson Tariff bill should be entitled, "A Bill to Make the Coming Winter Hard and Bitter for American Workmen."

OVER against BLOUNT's pettifogging report is to be set the assertions of a host of the foremost reputable and intelligent residents of Honolulu.

LORD NORTH could make at least as strong a case against the Confiscation Congress as GRESHAM has made against the Provisional Government of Hawaii.

THERE would be a boom in business to-day if it were not for the Free-trade theorists who are threatening all trades with disturbance and many of them with complete dissolution.

If the Democrats in power at Washington are really sincere in their declarations of interest in the restoration and maintenance of prosperity, they have an easy way of proving it to the people, and that is by speedily filling the report of the Tariff tinkers in the waste basket.

The happiest man in the world to-day is the farmer. He sits contentedly under his vine and fig tree, undisturbed by the menacing noise of the great cities.

His hands full, railroads go into the hands of the receiver, booming towns collapse, all business stagnates; but the wire farmer can snap his fingers at these things. He is monarch of all he surveys on his broad acres.

And the honesty of his boys and the purity of his girls is guarded against temptation and in them he gives the country its best manhood and womanhood. The farmer is to be envied and if he is not contented with his lot he is lacking in wisdom. All because the McKinley Bill is at work.

The elegant modern style bridge across Brad's run, which was the pride of our community, has been replaced by a relic of the past, constructed of logs. The approach is now made with a scot and a dive, whereas the former approach was an easy ascent, all of which demonstrates the superior wisdom of the present management. It does not yet appear when the remains of the old bridge will be offered for sale. It is rumored that, like the schoolhouse letting, it will be kept in the family.

STARVED TO DEATH. This Woman Whose Husband Expected the Lord to Provide. INDIANAPOLIS, Nov. 24.—Mrs. Lona Weed, of West Indianapolis, was borne to the grave Thursday. According to her own admissions, made while dying, and the statement of her husband and children, she starved to death.

Investigation shows that for several weeks the family, which consisted of the parents and three children, have been living on a scant number of biscuits made of flour, water, salt and soda, with plain flour gravy. Once in awhile they secured a little oatmeal or hominy. The dying woman was a Christian. They had relatives at West Newton who would have helped them, had the situation been known.

Neighbors relieved their necessities when the fact became known, and prepared the body for burial. They report that the remains showed every sign of the scant care which the woman had received. To add to her physical distress, she was blind for several weeks preceding death.

A THIEVING SEXTON. The Devil Tempted Him and the Beltry Did the Rinsing. PEERLESS, N. Y., Nov. 24.—George W. Gillio, sexton of the Dutch Reformed church, has been adjudged a thief by the congregation, and at the next meeting of the board of trustees of the church Gillio will be dismissed from his position.

Gillio is about 47 years old and resides with his wife and two daughters, and has lived in Peekskill for twenty years and been known as "Uncle George." James H. Height's general store recently missed goods, suspected Gillio and a watch was kept. Last Thursday he was caught in the act of taking a ham from the store and followed to the church, and a ten-pound bag of flour and the ham were found hidden in the belly of the church. Gillio, confronted, admitted his guilt. He said that his reason for stealing was that he was tempted by the devil and could not resist. Gillio is a veteran of the late war, with a record for bravery.

A MAD KENTUCKIAN. Racing Stables Hostler Suffering From Hydrophobia in New York. New York, Nov. 24.—Frederick Lee, aged twenty-eight years, has been sent to Bellevue hospital from 629 Eleventh avenue, suffering from rabies. Lee is from Kentucky. He reached New York a week ago. He was a hostler around racing stables.

Near Ninth avenue a big dog jumped out from a hallway and bit him in the thigh. Lee had been drinking freely before, and paid little attention to the wound. He went to a drug store in the neighborhood and had it cauterized. He acted like a madman, foamed at the mouth, and his eyes were bulging out of his head. He clawed his brother and tried to bite him. The brother struck him in the neck, and the supposed victim of hydrophobia fell like a log.

PRENDERGAST'S TRIAL. It Will Begin Tomorrow Unless There Is Unexpected Delay. CHICAGO, Nov. 24.—Patrick Eugene Prendergast will be placed on trial Monday morning, before Judge Dunne, for the murder of Mayor Harrison, unless his attorneys ask for and obtain a change of venue. State's Attorney Kern says he will probably have the assistance of A. S. Trade in the prosecution, and does not believe the prisoners can have a fair trial outside Cook county than within it. Wade & Essex, Prendergast's attorneys, have so far said nothing regarding the line of defense. Prendergast is becoming calmer as the days go by.

Never Before So Many Idle. ORANGE, N. J., Nov. 24.—Never in the history of this city have there been so many persons unemployed. There are 300 idle persons among the hatmakers alone, as hardly any work is being done at present in the factories. The board of trade at a meeting Wednesday appointed a committee of five to canvass the names of the unemployed and to secure work for as many as possible on city improvements.

Some Other Pedros. PARIS, Nov. 24.—It is now said that the report of the departure of Prince Pedro for Brazil originated in the departure for that country of a wealthy Cuban named Pedro, who is well known in England and the United States. Senor Pedro is enroute for Havana and was mistaken for the son of Count d'Eu.

Battle With Burglars. WOOSTER, O., Nov. 24.—Five masked burglars entered the house of Robert Ewing, ten miles north of Wooster, but before they secured anything their presence was discovered and shots were exchanged. Ewing was dangerously wounded in the back. He is a wealthy farmer, about 70 years old.

One Steamboat Captain Dead. CINCINNATI, Nov. 24.—Thomas Dreffer, aged 63, one of the pioneer residents of Covington, died Thursday morning. Mr. Dreffer was for years a steamboat captain, and was known along the Ohio river from Pittsburgh to the Mississippi river.

Starving to Death in Chicago. CHICAGO, Nov. 24.—Samuel Shackley, of Ada, O., who came here at the beginning of the fair to sell a history of Ohio, was found Thursday morning lying in an alley half frozen and nearly starved to death.

Thieves Rampant at Springfield. SPRINGFIELD, O., Nov. 24.—The neighborhood northwest of this city is greatly wrought up over systematic thieving. More than a dozen households have suffered in the last week.

ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. Wasting away, "illness" is the consequence of life; it is due to unnatural conditions of living—neglect, abuse, want, etc. Man is born to health and long life; disease is unnatural, death, except from old age, is accidental, and both are preventable by human agencies. This is almost invariably true of death resulting from heart disease. Careless over-exertion, interperence of tea, coffee, tobacco, alcohol or other stimulants are generally the causes of this illness, and indifference to its progress is the cause in sudden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart disease every day.

If you have any of the following symptoms: shortness of breath, palpitation, irregular pulse, fainting and smothering spells in shoulder, side, or arm, or weakness, etc., begin treatment immediately for heart disease. If you delay, the consequences may be serious.

For over 30 years Dr. Franklin Miles, the eminent specialist, has made a profound study of heart disease, its cause and cure, and many of the leading physicians in that direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as is proved by thousands of testimonials from grateful persons who have used it.

James A. Pain, editor of the *Corry, Pa. Leader*, states: "After an apparent recovery from 'heart disease' of a crisis, I fell on the street, unconscious from heart disease. In one month from that time I was unable to walk across the street. My pulse beat from 90 to 110 times a minute. I was used Dr. Miles' New Heart Cure, and once weaker, after using six bottles I was able to walk as usual, and in a few days, my pulse ranging from 60 to 80. Dr. Miles' New Heart Cure is sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1.00 per bottle, six for \$5.00, express prepaid. It is free from opiates or dangerous drugs. Write to Dr. Miles, 20 cents. Free book at druggists, or by mail."

FROM HAWAII.

The Alameda, From Honolulu,
Arrives at San Francisco.

Queen Liliuokalani Has Not Yet Been
Restored to the Throne.

Minister Willis Declares That Nothing Would Be More Grating to Him Than to see the Stars and Stripes Waving "Under Treason Conditions."

SAN FRANCISCO, Nov. 24.—The steamer Alameda, which arrived at 7:30 a. m. Thursday from Honolulu, brings news of special importance. There has been no attempt to restore Queen Liliuokalani.

WASHINGTON, Nov. 24.—When the bulletin from San Francisco announcing that the steamer Alameda had brought the news of special importance that there had been no attempt to restore the queen to the throne was shown to Secretary Gresham, he said: "That is not surprising to me! I was not expecting to hear by this steamer that she had been restored."

HONOLULU, Nov. 16, via SAN FRANCISCO, Nov. 23.—The main cause in the political situation since the Alameda sailed, has been one of increased strain and greater business depression. The main cause of the increased strain, Minister Willis has not communicated officially with the government.

The most significant happening which has taken place occurred last Monday, when a committee of the American League, the lately organized auxiliary of the Annexation club, called on the new minister. After welcoming Mr. Willis, the committee stated that they had been very earnestly desired that the Hawaiian islands should become part of the United States, and with that object in view, the organization would support the present provisional government of Hawaii and in all honorable ways aid in accomplishing annexation.

The press also contained an offer of aid at any time the minister saw fit to command them. Minister Willis' answer has not yet leaked out here, as the committee is pledged to secrecy, but the Associated Press is enabled after much diligent inquiry and what appears to be reliable versions of the minister's remarks as remembered by three members of the committee, to give the following nearly: If not quite, verbatim report of the reply:

After welcoming the committee and spending in pleasant terms of his visit to Hawaii, Minister Willis said: "I am an ardent American. I would like to see the stars and stripes waving not only over Hawaii, but over all the islands of the Pacific ocean or any other territory which would be beneficial to the United States. I have my instructions from the executive officer, 'You will understand this. But this much I can say that the policy of the United States is already formulated regarding these islands, and that nothing which can be said or done, either here or there, can avail anything here. I do not come here as an agent, or as a representative of the United States. I come as a private citizen. When the proper time comes I shall act. I am sorry I cannot tell you when that time will come. I understand, however, that knowing the policy of the United States, I could not have accepted the position of executive officer. It is in conflict with the principles I hold. Americans here will have nothing to regret. While performing my duty in carrying out the United States policy, I shall have no need of aid from you or other resident Americans. However, I wish to state positively that any outside interference will not be tolerated by the United States."

The provisional government considers Minister Willis' remarks as significant, and from other information obtained it is the general belief among Americans that a United States position will be shortly established over the provisional government with the understanding that a stable form of government be organized there within a limited period.

Some of the opinion that action will be taken between the sailing of the Alameda and the regular troops on Monrovia on the 23rd inst. This opinion has been expressed on board the U. S. S. Philadelphia within the last few days. Minister Willis' delay in settling coupled with his refusal to divulge or even hint at, officially, what the policy of the United States is to be, has caused the political strain to become very great on both sides. As a consequence rumors are thick. The government has also in consequence been on the lookout for the past few days for the threatened attempt of the royalists to seize the executive building under the theory that the delay in settling the United States would support them as the existing government.

Some of the leading royalists deny that any such attempt has been contemplated, though others remain silent when questioned. In consequence of general discontent of officers, and the extra guard of sharpshooters was stationed in the executive building Wednesday night and will be continued until the matter is settled one way or the other. As a further precaution the government issued thirty rounds of extra ammunition to each member of the citizens' reserve guard between dark and twelve o'clock Wednesday night. Two cabinet meetings were held Wednesday to consider the situation. At the first were present, besides the cabinet, several members of the advisory council, and the regular troops of the military and Marshal Hitchcock of the police president.

At 11 o'clock this morning President Hiram B. King visited the U. S. S. Philadelphia and was received with the national salute of twenty-one guns. At 1:30 he returned and was accorded the usual salute.

Last Monday morning the ex-queen somewhat unexpectedly called upon

Minister Willis at the U. S. legation. She was accompanied by her former chamberlain. She remained at the legation about twenty minutes. Minister Willis has not yet returned the call. The ex-queen's action created much unfavorable comment. It surprised the royalists as well as the annexationists.

Thursday afternoon the minister of finance will submit a statement at the regular session of the council which will show that the favorable condition of the finances of the government continues. The statement will show that the cash surplus in the treasury stands at \$136,850.72, and that the total amount of bonds sold to date under the loan is \$167,000. This will allow the government to carry out all the appropriations authorized under Section 5 of the appropriation bill, for which no provision had been made, and will leave a balance of \$688.89 on hand besides the cash surplus. The minister of finance states that all the current expenses of the government to November 1 have been ordered paid, and that under the most favorable conditions he soon expects to largely increase the surplus cash in the treasury.

It has been learned from official sources that the reason of Admiral Sikerret's recall from this station was because he personally attended a ball given by the Annexation club to the officers of the U. S. S. Boston, as a farewell and to the officers of the U. S. S. Philadelphia as a welcome.

Admiral Irwin was officially received at the executive building on Saturday, November 11, at 1:30 p. m., with military honors. Upon the arrival and departure of the party the government band played American national airs.

Agitation for the removal of the royalists from office will probably result in a very early mail something definite is heard from Minister Willis.

The Associated Press correspondents here just had an interview with Minister Willis. He declares that the first part of the reply he made to the American League should be qualified to read: "He would like to see the stars and stripes waving over," etc., under "proper conditions." He declares he never said "the result here would be such as Americans would not object to," and added that "nothing would be done nor would any action be taken until we again heard from Washington after the Alameda left." He said it at 2:30. The steamer sails at 3 p. m.

His last words to the Associated Press inquiry and what appears to be reliable versions of the minister's remarks as remembered by three members of the committee, to give the following nearly: If not quite, verbatim report of the reply:

EARLY MORNING BLAZE.

Fire Causes a Loss of \$150,000 at St. Louis.

ST. LOUIS, Nov. 24.—The warehouse buildings and contents belonging to the Paddock-Hawley Iron Co., at Nos. 808 and 816 North Main street, were totally destroyed by fire which started at 1 o'clock Thursday morning and raged for over three hours. The loss to the Paddock-Hawley Co. is about \$150,000 and is partially covered by insurance. The warehouse and contents of Ely & Walker Dry Goods Co., adjoining the burned warehouse, was damaged by smoke and water to the extent of \$10,000. Several steamboats anchored near the burned warehouse were ignited by falling sparks, but were extinguished without serious injury. The origin of the fire is unknown but it is supposed to have started in the engine-room of the Paddock-Hawley Co.

Not a Wheel Turning.

POTTSVILLE, Pa., Nov. 24.—For several hours Thursday morning the Lehigh Valley branches were held up completely. Not a wheel of any kind was turning. The officials finally dispatched one passenger train under the name of "mail train" from Hazleton to Pottsville. At 10 o'clock Superintendent Blankenship was trying to organize several passenger crews out of his assistant officials. The tie-up is the result of the meeting Wednesday night.

Against Prize-Fighting.

TALLAHASSEE, Fla., Nov. 24.—Atty.-Gen. Lamar, in an interview on the subject of Florida statutes, as applied to prize-fighting, said: "Spectators who aid,abet, cheer on and encourage prize-fights can be indicted and punished. There is no weakness in our statutes. If the proposed fight occurs in Florida and parties be arrested a properly framed indictment will hold them surely. I shall assist the governor and the authorities in preventing the proposed fight."

Prof. Hume Was Fined.

COLUMBIA, O., Nov. 24.—Prof. Alexander Hume, the spiritualist, was fined \$10 and costs by Police Judge Martin Thursday for attempting to give a spiritualistic exhibition at the Grand opera house last Sunday evening. The judge held that it was a sleight-of-hand performance, and not a religious meeting, as is claimed, and was a violation of the Sunday law. H. J. Mortimer, the treasurer of the show, was discharged.

Secretary-Treasurer Hayes Re-Elected.

PHILADELPHIA, Pa., Nov. 24.—Hugh Cavanaugh, of Cincinnati, the present general secretary of the knights of labor, was Thursday morning defeated for re-election by Michael J. Bishop, of Massachusetts, the vote after a most spirited contest standing 29 to 23 in Bishop's favor. John W. Hayes, secretary-treasurer, was re-elected, the vote being 24 to 10 for his opponent, Charles Martin, of Toledo, O.

Secured by Laborers.

LONDON, Nov. 24.—Mr. Henry Labouchere has made another attack upon the British South Africa Co. in a vigorous speech delivered at Chelsea and showing up the cruelty of the Matabele war. Mr. Labouchere declared that the annexation of the Matabeleland was for the benefit of a number of greedy and needy financiers, headed by a couple of hired duces.

Cholera Increasing.

CONSTANTINOPLE, Nov. 24.—The spread of cholera is increasing here, and the average recently was 30 new cases and 50 deaths per day.
